MUSIC

IF THE WORLD WAS A SMALL TOWN

Invited exclusively by the California talent executives to audition for the hit tv show “The Voice”, Joe has proven to stand out and stand up for Country music.

Joe’s talent didn’t stop with the Voice. Joe’s talent took him directly in front of the iconic Lionel Richie, Katy Perry and Luke Bryan of American idol. These prestigious opportunities speak volumes of Joe’s talent in these early stages of his career and dedication to his craft.

Joe’s love for Country music started with humble beginnings in the church located in his hometown Naperville, IL. This is where Joe’s love for God, drums, guitar and his profound singing came alive.

Since then, Joe has moved to Nashville and has teamed up with chart topping producers and writers to touch as many lives as possible with his positive message through music.

From the great emerging Artist stage at Summerfest Festival in Milwaukee to Nashville’s music circuit Joe is an artist that can’t be stopped! Joe Hanson is here to stay!
